80 Judy Trafford

oil / watercolour

My recent work features paintings using blocks of vibrant colours and exude the feeling of heat and dry, still air. These contrast with earlier works (also on show) which are softer, gentler and more tranquil.

Postcards also available.

watercolour / glass painting

My love of seascapes and landscapes and recently trees, in their seasons and colours still dominate my paintings. The glass painting echoes the love of flowers and is functional, decorative and affordable.

Regretably this Harestock venue is withdrawn due to unforeseen circumstances. Jean would still very much like to show her work, so please phone for an appointment: 01962 883037
