

COLLECTING YOUR GUIDES

The Guide will be published in early / mid **JUNE** and should be available for collection from your co-ordinators along with direction arrows, posters, countdown list, artist's feedback sheet, and banner fabric.

If you are not new to the event please reuse arrows and banner fabric (if not vandalised etc.)

There is a choice of collection bases. Please be considerate to your co-ordinators by phoning at acceptable times to arrange collection. **DON'T** just turn up.

Watch your back and be prepared to lift heavy boxes to your car (bring a friend?) – as your co-ordinator will have already done a lot of lifting. We hope to be able to supply some empty boxes to decant the guides.
