Making Space is a craft centre running workshops in our teaching spaces and renting 7 studios to designer makers and visual artists.

SHARON JUSTICE and SARAH MACRAE make exquisite precious jewellery in Studio 17.

Studio 16 is home to MiaMai designer AMI LOWMAN with her unique range of boutique fashion and restyled vintage.

Whilst in 15 and 14 you'll find ceramicists KATE O'CONNELL and PETER LEVY. Kate's oversized ceramics inspired by "granny pottery" and Peter's quirky raku fired vessels will make you smile.

Visit film-company COMPULSIVE PRODUCTIONS in Studio 11 for a touch of Hollywood with their show reel of award winning shorts.

Visit us to see, commission and buy unique work in our friendly studios. Individual studios are also open by appointment. Please call or email.
